

The Missing Piece

- *Communication*

We know that building relationships is the heart of the work we do in communities.

How can we do this across issues of English as a second language, jargon, written word?

Join Joel Reigher and Leah Palmer, network facilitators with FSA-T's OPTIONS team to explore communication on many levels.

This workshop will:

- Expose you to the world of client centered planning
- Unpack the power of words used by professionals
- Welcome your input in a education and awareness raising model
- Begin critical discussion of how our use of communication can build up or break down community
- Transform the way you look at communication
- Bring us all one step closer to inclusive communities
